## Coastguard Lifejacket Upgrade

## ABOUT OLD4NEW

Coastguard's Old4New Lifejacket Upgrade is a nationwide campaign encouraging kiwis to bring in any old, damaged or worn lifejackets and upgrade them for brand new, fit-for-purpose Hutchwilco lifejackets at a heavily discounted price.

The purpose of the Old4New Lifejacket Upgrade campaign is to keep as many New Zealanders as possible safe while out on the water.

Since 2013, the Old4New van has traveled around the country stopping at boat ramps and community hubs. The programme is a core pillar of Coastguard's mission of 'Saving Lives on the Water'. Since the programme started ten years ago, over 28,000 old lifejackets have been traded in and taken out of circulation.

This year's campaign will run from **Saturday 30 November 2024** to **Sunday 2 February 2025**. Check out [www.old4new.nz](http://www.old4new.nz) or find us on Facebook [@CoastguardOld4New](https://www.facebook.com/CoastguardOld4New) and Instagram [@old4newnz](https://www.instagram.com/old4newnz) for the latest news and locations. We look forward to seeing you on the road!

### My local boat ramp is not on the location schedule, can I still get the discounted trade-in price?

If we are not visiting your community this year, don't worry. Our trusted Boating & Outdoors dealers will still be offering the same fantastic discount at selected dates and times. Be sure to check out [www.old4new.nz](http://www.old4new.nz) for the in-store trade information

### Can I pay with a credit card or eftpos at the Old4New van?

For sure, eftpos and credit card transactions are available and preferred at the Old4New van.

### Is there a limit on the number of lifejackets I can upgrade?

No, however the number of lifejackets available for upgrade will be limited by stock availability.

### My lifejacket is not that old, can I still use it as a trade-in?

Absolutely! The main thing is that you walk away with the best lifejacket to suit your activity and help you get the most out of your time on the water.

### I don't have a lifejacket to trade-in, can I still purchase a new lifejacket from the van?

Yes, you can purchase any of the Hutchwilco lifejackets from the Old4New van. If you don't have an old lifejacket to trade in but want to get set for summer with a new one, all lifejackets will be available at the normal retail price listed.

### Why do I need a crotch or thigh strap?

This year all inflatable lifejackets will come with a free thigh strap. If you do end up in the water, the buoyancy of a lifejacket can be quite strong. Any movement inside the lifejacket can mean it 'rides up' – in extreme cases the lifejacket can slip right over your head. A thigh strap attaches to the front and back of your lifejacket with a strap around your thigh to prevent the lifejacket from going anywhere.

## Check out the savings!
